

2 STREAM INDOOR RECEPTACLE KIT - TRASH & RECYCLABLES

With bright colors, easy-to-read graphics and seemingly limitless combinations, customers can design a modular recycling system that meets their exact needs.

When needs change, the individual receptacles can be moved or rearranged to accommodate a new waste stream requirement.

SPECIFICATIONS:

Square, 36-gallon indoor recycling and waste receptacle

Each includes a removable LLDPE liner with lift handles & bag retention notches

Crisp, white, easy-to-read decals pre-applied on 2 sides

Fingerprint-proof textured powder coat finish on units and easy to remove lid

Units sit on four sturdy feet to protect floor surfaces

Contains over 30% recycled materials & is 100% post-consumer recyclable

Units sit very close to each other to create a waste stream receptacle

BODY FINISHES

As a result of our commitment to continuous improvements, occasionally minor changes may be made to our products without advance notice. Such changes are minor and have no effect on the form, fit and function of a product but may result in a minor cosmetic difference. The Company will never mix any products that may have modifications within a single order. Our website will always reflect the most current product image.
